BREWERS

Keurig is the market leader in single serve cups of coffee. The Keurig B130 brewer is designed for individual use of single serve portions. Takes about 3 minutes to brew a cup of coffee versus typical 1 minute with other K-Cup brewers. Shuts off after each cup. Brews an 8 ounce cup. Brew cycle only starts if door is shut and cup is on sensor. Cannot be plumbed directly into a water line - must manually add water. Approved for commercial use. 11"H x 10"D x 7"W. 6.5 lbs.

<u>MFG / ITEM #</u>	<u>DESCRIPTION</u>	<u>UNIT</u>
KEU B130	B130, Designed for Individual Use	EA

Keurig is the market leader in single serve cups of coffee. The Keurig B140 brewer is designed for offices with up to 15 employees drinking coffee. Brews direct from K-Cup to mug for fresh taste with no crossover of flavors between brews. Eliminates the energy, coffee and water waste of whole pot coffee makers. Can vary coffee strength by brewing K-Cups with 6, 8 or 10 ounces of water. 6 cup water reservoir. Can dispense hot water only. Removable drip tray to allow for travel sized mugs. Cannot be plumbed directly into a water line - must manually add water. Hot water tank can be drained. Approved for commercial use. Two hour delay auto shut-off feature. 13.5"H x 11"D x 8.5"W. 14 lbs empty.

Coffee, Beverage & Breakroom Supplies

COFFEE & TEA - BEANS

Peet's coffee is deep roasted by hand in small batches for rich distinctive flavor. Includes a freshness valve on portion packs, allowing Peet's to seal in freshness and lock in the taste immediately after the roasting. Notice the difference as soon as you open the pack - the aroma is intense and very fragrant. The roast date is shown on the box to insure freshness.

<u>MFG / ITEM #</u>	<u>DESCRIPTION</u>	<u>UNIT</u>

Seattle's Best coffee, owned by Starbuck's, is the 2nd largest roaster, retailer and wholesaler of specialty coffee in the US. Henry's Blend has a great full body, a slightly heavy texture, deep dark brown color, and a nutty-sweet aroma. Whether used for drip or espresso, Henry's is easy to recognize by its full, sweet aroma.

Seattle's Best coffee, owned by Starbuck's, is the 2nd largest roaster, retailer and wholesaler of specialty coffee in the US. It provides rich flavors with an uncommonly smooth finish. Best Blend uses beans from Indonesia and Central & South America. Breakfast Blend Coffee is light-bodied and light-roasted. Offers a rich, full flavor from blending. Beans come from shade-grown organic plantations in Costa Rica, Sumatra, Guatemala and Peru. This coffee is grown without pesticides or chemical fertilizers, and roasted at a certified organic facility. Breakfast Blend is certified organic by Washington State Department of Agriculture. Henry's Blend has a great full body, a slightly heavy texture, deep dark brown color, and a nutty-sweet aroma. Whether used for drip or espresso, Henry's is easy to recognize by its full, sweet aroma.

Coffee, Beverage & Breakroom Supplies

CUPS - HOT

Insulair hot cups feature a built-in sleeve with thermal insulation that helps keep hands safe and beverages hot. Multilayered paperboard cup is designed with a corrugated middle layer of tiny air pockets. This patented design insulates air pockets in the cup that slow down the rate of heat loss, keeping drinks hot longer and hands cooler. Because heat does not flow out quickly, it does not easily enter the container either so iced drinks can also be kept cold for longer periods of time. Each offers an Eco-friendly, foamless, solid paper construction. Insulating middle layer is made of 99 percent post-consumer recycled paper. Includes design. Insulair lids are sold separately.

STO G3344B11	Liner, 39 Gallons, 1.1 Mil, 33x44, Brown, 40/bx	BX

Plastic trash can liners. 75% recycled content, with a minimum of 10% post-consumer waste. Low density. Flat bottom construction makes them virtually leakproof and holds up to 30% more than star-bottom bags. The individually folded bags are packed in a one-at-a-time dispenser carton for ease of use and portion control. The opaque black color hides unsightly trash.

WATER CHILLERS & FAUCETS

Polaria water chiller. Typically installed under a sink to provide chilled, filtered water through a water faucet (sold separately) that is installed at the sink. Water runs from water supply through water filter through water chiller through water faucet. In this scenario, employees would likely get filtered hot water through their coffee brewer. Produces 3 GPM @ 45 degrees. Inlet/outlet 1/4" Male Pipe Thread connector. 110 Volt. 6.75"H x 11"W x 11.75"D.
